Hello I am not sure what i am supposed to do, i have talked with one person and online chatted with two more. I am protesting any objection by PG & E to not pay my claim.
We are not part of the fire in northern CA. We had our brand new just graveled and smoothed road professionally done (i have copies of my cks) and just a few days later PG & E came in, while we were not home, and tore up the whole road with some BIG TRactor, with tank like impressions. we have appraisals also they ran over our sewage leach lines! we had those looked at and they thought they were ok, that also cost \$250.00. I also have photos. This claim had almost been finished when a fire happened and lots of claims went into PG&E. PG&E filed for bankruptcy and we had to re-enter our claim with all of those.
So please help, I need to know what to do.
I oppose PG&E denying our claim.

Thank you Rhonda Miller
